QI Systems continues filling up backlog of orders

VANCOUVER, BC, July 31, 2002 -- QI Systems Inc. (OTC BB: QIIF; TSX Venture Exchange: QII.U) announced today that the Company has received further orders for equipment from the following clients:

As part of the 2nd. phase installation, EFM ordered 6 more Value reload stations, 6 UPOS Payment Terminals for photocopiers, and 20 UPOS Payment Terminals for installation into the Coke Vending Machines at the California College Campuses.

City of Dawson Creek, British Columbia, expanded its Smart Water Distribution Centers by ordering 4 more Smart Water Distribution Systems and 500 more Smart Cards.

USAToday News Paper has expanded its Smart Card vending boxes at three more Eastern US University Campuses by ordering more than 40 UPOS Payment Terminals for installation in those campuses.

QI Systems Inc. (www.qisystems.ca) designs hardware and software for the rapidly expanding cash card industry. It is a leader in supplying solutions for smart card vending with products in use in Canada, the U.S., Venezuela, Hong Kong, the UK, and Norway. QI's SmartVend technology enables debit card purchases by consumers from a wide range of vending machines types. The SmartVend system is currently being used in conjunction with many card schemes, including VisaCash, Mondex (Multos), CANTV (Venezuelan phone card), Telus SmartONE card and others. Due to the modular structure of SmartVend, multiple card schemes can be run in parallel in the same unit with new schemes added at a later date. QI's SmartVend systems have been installed in Coca-Cola and Pepsi vending machines, coffee, snack and sandwich machines, laundromat machines, copiers, newspaper vending boxes for such publications as *USAToday* and in parking machines.
